PM

Ye lords and ladies! ACI invites you to journey to the Middle Ages to learn the fighting skills of a medieval knight in a special lecture and demonstration by Roland Pierson.

Roland, a 40-year veteran of medieval combat, will teach the history of medieval fighting and tournaments, and demonstrate battle techniques from the Days of Old. Drawing on his skills as a member of the modern-day Armored Combat League, Roland will show you how a knight armors up for battle and wields a sword. You're invited to swing a sword and engage in combat too (with padded foam weapons)!

*No experience necessary!
Come prepared to have some fun!*
